Aspiring Software Developer with a Strong Foundation in Full-Stack Development

WORK EXPERIENCE

RC's Restaurant and Lounge Lead Line Cook

Kansas City, Missouri, United States • 01/2023 – 03/2023

- Prep, cleanup, butchering, line duties, team management.

Mickey's Hideaway Chef

Kansas City, Missouri, United States • 12/2021 – 11/2022

- Prep, cleanup, food preparation, line duties, team management.
- Also a full scratch kitchen. Had the best smashburgers in town.

Buca di Beppo Line Cook

Kansas City, Missouri, United States • 10/2021 – 12/2021

- Food preparation, cleanup, team management.

Swine Time Food Truck Specialty Cook

Kansas City, Missouri, United States • 02/2021 – 08/2021

- Prep, cleanup, food preparation. My first time working in a food truck. Sadly we struggled severely post covid and it didn't make it.

Port Fonda Chef

Kansas City, Missouri, United States • 05/2018 – 03/2020

- Prep, cleanup, line duties, team management. My first official 'chef' position. This was also my first completely scratch kitchen.

The Foundry Line Cook

Kansas City, Missouri, United States • 03/2015 – 05/2018

- Prep, cleanup, line duties. Standard line cook position.

Jazz A Louisiana Kitchen Lead Line Cook

Kansas City, Missouri, United States • 05/2013 – 02/2015

- Prep, cleanup, line duties, team time management and quality control.
- Learned a lot of new cooking techniques, improved grill skills. Also my first experience managing a catering event.

EDUCATION

Bootcamp in Full-stack coding

The University of Kansas • GPA: A-

09/2024 - 03/2025

During my boot camp journey, I have developed essential skills for a successful career in software development: - HTML, CSS, and JavaScript for building responsive web applications - Git for version control and collaborative project management - Node.js, Express.js, and PostgreSQL for full-stack application development - React for creating dynamic user interfaces - TypeScript for enhanced code quality and maintainability - Agile methodologies and DevOps practices for efficient project delivery - Strong teamwork and collaboration skills through group projects I am eager to apply these skills in a professional setting and contribute to innovative projects in the tech industry.
